Steve,

Thank you for catering my staff meeting luncheon yesterday. The fried chicken, macaroni & cheese, green beans, cornbread, apple cobbler, pecan cake and sweet tea were delicious as always. Here are just a few of the kudos comments from the group ...

"I loved that we got something other than pizza or sandwiches... and the fried chicken was great."

"It was fantastic! And to think they could make all that food fat free! But seriously, I very much enjoyed everything I tasted."

"The food was fabulous! Chicken was really, really good and the green beans were some of the best I've had!"

"The food was wonderful!!!!"

"I would have preferred the beans to me a little less cooked, but otherwise everything was quite tasty. I also thought it was a cute idea to give the recipe card."

"Fried chicken – fattening but YUMMY!"

"Well the green beans were great!!!" (from one of the dieting salad eaters)

"It was great! Thanks so much."

"Everything was OFF DA CHAIN!!!" (yes that is a compliment – smile)

"TT WAS ALL GOOD!!"

"The food was delicious and just the right amount for our group. I have shared one of the extra magnets with a co-worker and recommended that they consider ordering from Stephen. I will certainly plan on using him again."

"I thought the food was delicious! Especially the macaroni and cheese- it was the best I have had in forever!"

It was great seeing you – thanks again!!
